Date of Original Release: October 1, 2015  
Date Credits Expire: January 31, 2018  
Estimated Time to Complete the Activity: 77.5 hours

Media: This educational activity is in the form of a Streaming and MP4 and/or DVD and/or Audio CD and MP3

PROGRAM DESCRIPTION
The Intensive Review of Internal Medicine Course is designed to enhance internal medicine knowledge by offering a comprehensive update (internal medicine and its subspecialties); a case-based review of challenging clinical problems and review of literature to guide evidence-based practice. This course can also serve to prepare attendees for the ABIM Board Examinations (Certification/Recertification).

LEARNING OBJECTIVES
Upon completion of this activity, participants will be able to:
• Apply current/recommended guidelines in clinical practice;
• Describe pathophysiology as it applies to management of clinical problems;
• Apply knowledge gained to the ABIM certification/recertification examinations
• Perform differential diagnosis of complex clinical presentations;
• Review and interpret up-to-date literature relevant to clinical practice;
• Identify/integrate current therapeutic options for specific disorders, including end of life care

ACGME Competencies:
This course is designed to meet one or more of the following Accreditation Council of Graduate Medical Education Competencies:
• Practice-Based Learning and Improvement
• Patient Care
• Medical Knowledge
• Systems-Based Practice

TARGET AUDIENCE
The target audience for the Intensive Review of Internal Medicine course is clinical and academic internists, pediatricians, and primary care physicians/trainees preparing for ABIM internal medicine certification/recertification examinations and/or seeking a comprehensive update in internal medicine and its subspecialties.

METHOD OF PARTICIPATION:
Review audio/video program of conference sessions, complete the comprehensive activity evaluation and score 70% or greater on the required posttest to assess the knowledge gained from reviewing the program.

• Locate your packing ticket included in this package and find your user ID and password printed in the lower left corner of the page
• Go to www.myoakstone.com and log in using your user ID and password
• Click on your program to take your exam
ACCREDITATION
The Harvard Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Harvard Medical School designates this enduring material for a maximum of 77.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

DISCLOSURE POLICY
Harvard Medical School (HMS) adheres to all ACCME Essential Areas, Standards, and Policies. It is HMS’s policy that those who have influenced the content of a CME activity (e.g. planners, faculty, authors, reviewers and others) disclose all relevant financial relationships with commercial entities so that HMS may identify and resolve any conflicts of interest prior to the activity. These disclosures will be provided in the activity materials along with disclosure of any commercial support received for the activity. Additionally, faculty members have been instructed to disclose any limitations of data and unlabeled or investigational uses of products during their presentations. Disclosure information for all individuals in control of the content of the activity is located on the syllabus.

HARDWARE/SOFTWARE REQUIREMENTS:
DVD: Standalone DVD player or computer DVD-ROM drive and compatible software DVD player.
Note: Windows XP and some versions of Windows Vista cannot play DVDs without additional third-party software. VLC media player (http://www.videolan.org/) is a free, third-party application that enables DVD playback on Microsoft Windows. Oakstone Publishing recommends this application when comparable software was not provided by your system vendor, or when such software exhibits playback problems. However, comprehensive technical support is not provided for third-party products and services. For detailed support questions regarding this application, please see http://www.videolan.org/support/

AUDIO CD: Standalone CD player or computer CD-ROM drive and compatible software CD player.

MP3 AUDIO DVD: Computer DVD-ROM drive and compatible software MP3 player.
Note: MP3 DVDs are not compatible with automobile CD players or other CD players marked as MP3-compatible. These devices may playback CDs containing MP3 files, not DVDs.

MP3 ON USB: Any computer workstation or mobile device that has a standard-A USB port and mp3 capable software.

MP4 VIDEO DVD: Computer DVD-ROM drive and compatible software MP4 player such as VLC (http://www.videolan.org/) or Quicktime (http://www.apple.com/quicktime).

If you experience technical difficulties you can contact our Customer Service hotline at 1-800-284-8433
